**Happy new year from the Dong Mo Turtle (*Rafetus swinhoei*)
photographed by the ATP team on the 3rd January 2017.**

Please help us protect this super rare species in 2017, only 3 animals are known in the world.

We would like to thank all our donors, supporters and the authorities in Vietnam who make our work possible. Special thank to Trong and the *Rafetus* team for long hours of monitoring and protecting the last known wild animal of the species.
