## THE ASIAN TURTLE PROGRAM'S THIRTEENTH TORTOISE AND FRESHWATER TURTLE FIELD SKILLS TRAINING COURSE

The Asian Turtle Program (ATP) of Indo-Myanmar Conservation (IMC) would like to announce the opportunity to participate in the thirteenth ***"Tortoise and Freshwater Turtle Field Skills Training Course"***. The course will be hosted by the Asian Turtle Program (ATP) in collaboration with the Turtle Conservation Centre (TCC) Cuc Phuong National Park.

Course participants will have the opportunity to:

- Learn about the identification and conservation status of endangered tortoises and freshwater turtles in Vietnam
- Understand more about the biology, behavior and ecology of tortoises and freshwater turtles
- Obtain new research skills for field work including surveying, handling animals and data collection on tortoise and freshwater turtle species.

Participants will also be given the opportunity to complete a short research project (two to three weeks) during 2017 following the training course.
