

TRAINING COURSE

TORTOISE & FRESHWATER TURTLE FIELD SKILLS IN VIETNAM 2024

Organized by the Asian Turtle Program (ATP) of Indo-Myanmar Conservation (IMC) in collaboration with the Turtle Conservation Program - Cuc Phuong National Park.

COURSE OBJECTIVES

- Learn about the identification and conservation status of tortoises and freshwater turtles in Vietnam;
- Gain in-depth knowledge of turtle biology, behaviour and ecology;
- Obtain new research skills for field work including surveying, proper handling and data collection on tortoise and freshwater turtle species;
- Have a chance to design and complete a short research project, following course completion.
